

## **Wholesale Supplier List (UK/International)**

Thanks for purchasing this wholesale supplier list.

All of the listed URL's have been checked as working as of 2020. The majority of the companies listed sell heavily discounted clearout items, stocklots or closedowns.

Please note that businesses do sometimes go out of business and URL's sometimes change, a web search of the listed company will usually help you find them if for some reason the link has stopped working.

Although I have dealt with a few of these suppliers, do not take their listing in this document as an endorsement of them from me; exercise due diligence as you would in any business transaction.

A good rule of thumb is to telephone the company and speak to somebody before placing your order. Secondly, ask for a sample of the product or place a small order to check the item is suitable for what you want.

Best of luck with your future endeavours.
